"Essential Features of the Unity"

(Taken from the Ground of the Unity)

A living Church is the clearest witness for its Lord to the world.

A Church is and remains a living one when it:

- is attentive to God's Word,
- confesses its sins and accepts forgiveness for them,
- seeks and maintains fellowship with its Lord and Redeemer by means of the sacraments,
- places its whole life under His rule and daily leading,
- ministers to its neighbors and seeks fellowship with all who confess Christ,
- proclaims to the world the tidings concerning the Savior,
- awaits wholeheartedly the coming of its Lord as King.

Within each congregation the various groups may become aware of, and participate in, the special gifts and tasks which can be drawn from the pattern of Jesus' life on earth.

Such congregations are "living stones" out of which the Lord will build His Church on earth.
